AND WHEREAS, Edmond E. Talbot III had been appointed as interim Attorney via Resolution #2020-06.

DATED this 28th day of April 2020 at Tekamah, Nebraska.

Attest: Sarah J. Freidel

David Schold

County Clerk

Chairman, Burt County Board of Supervisors

Chairman Schold informed the board that Mr. Talbot's choice for appointment of Deputy County Attorney is Jennifer Walkingstick.

The board reviewed the property and casualty insurance policy renewal with Chip Bryant (agent with LMC). The new policy year will start May 1st with the carrier being Travelers Ins., the cost for the premium this year is \$108,348.00.

John Hundahl, Silvercreek TWP board member, came before the board to discuss ownership/status of a 'road' in Section 25 (Silvercreek TWP) running West off of Highway 75 labeled "County Road LM". Hundahl confirmed that the TWP has done maintenance on this in the past, but this has never been shown on their TWP map as one of their roads. The landowner is asking the TWP to work on a tube in this road; but the TWP does not believe they are liable for any maintenance due to it not showing as one of their TWP roads. The TWP wants to go on record stating that they will no longer take responsibility to do any maintenance work on this stretch unless the County Board provides them with future guidance stating they are liable to do so.

This 'road' in question was discussed (4/14/2020) by the County Board; the County cannot find any documentation showing that this was ever a county road. In the early 1900s this stretch led to the 'county poor farm', so it's possible it never was a road and was instead considered a lane leading to a (landlocked) farm. The board has asked the County Attorney to look into the status of the 'road'; they hope to have an answer by the next board meeting (5/12/2020).

ROADS:

update of Projects with Ann Chytka, Highway Superintendent:

(1) The road department wants to buy a 5th wheel hitch plate for #71 (dump truck). They

can use the truck with the hitch capacity when moving equipment between jobs during all of the EWP projects. The board requested the road department keep the box for this truck and so they can switch between box and hitch depending upon their needs.

- (2) Crack seal and/or patching is needed in several areas throughout the County. Ann discussed pricing out rental of a machine to do so versus hiring a contractor to do so. The board's concern was having enough crew to handle doing the job(s) on top of the EWP projects that need done this year; the board suggested roads department consider just contracting out this year in an effort to stay on top of the maintenance needs.
- (3) Ann reported that she is working through a process in order to be able to submit Co.Rd. T in Quinnebaugh TWP to FEMA for mediation needs due to water continuously going over the road.

There being no further business to come before the Board at this time, the meeting adjourned upon motions by Connealy and Richards at 10:52 A.M. Next Meeting: May 12, 2020 @ 9:00 A.M.
